From the Principal

School overview

Mourilyan State School has been providing quality educational services to the Mourilyan township and surrounding areas since 1908. Located in the tropical Cassowary Coast Region, the school serves a community that is involved in the cane and banana industries, as well as in the trades and services provided in the nearby provincial centre of Innisfail. The student population reflects the social and cultural diversity of the community. The school is renowned for maintaining the atmosphere of a 'country school' while upholding quality standards and high expectations for all students. Every student successfully learning and achieving today for ongoing success tomorrow is the shared school vision. School-wide programs focus on developing DISCIPLINED LEARNERS, THOUGHTFUL CONTRIBUTORS, PROBLEM SOLVERS AND TEAM PLAYERS. There are seven classes, one of each year level from Prep to Year 6. Teachers address all learning areas of the Australian Curriculum, largely through Queensland Curriculum into the Classroom (C2C) programs and specialised direct instruction program in mathematics and spelling. Staff collaboratively differentiate learning programs and strategies to cater for students' individual needs. Mourilyan's school community prides itself on enabling all students to achieve their potential in the academic, social, physical, cultural and ethical dimensions of education. Every student successfully learning and achieving today for ongoing success tomorrow is the shared school vision. The school's Prep program provides a balance of explicit teacher direction and play-based learning that sets solid foundations for student success as they progress through the school. All students are intentionally supported through their learning pathways, including an 8 week Pre-Prep program, annual class orientation activities and a Year 6 Junior Secondary Cluster Transition program before moving on to high school. Maintaining a proactive, organised and collaborative learning culture is fundamental to the well-being of the school. Staff members are enthusiastic, skilled in their areas of responsibility and dedicated to building a safe, vibrant educational community that promotes progressive learning for all. Shared home-school learning expectations are prioritised and parents / carers are encouraged to be actively involved in their children's education. Mourilyan State School has strong community links and works in partnership with local organisations. The Parent and Citizens Association is actively engaged and provides valuable assistance with strategic direction, community partnerships, school events and fundraising to support quality learning outcomes for all students.

Note:

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community, Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

School disciplinary absences

Table 6: Count of incidents for students recommended for school disciplinary absences at this school

Short suspensions – 1 to 10 days	6	6	6
Long suspensions – 11 to 20 days	0	0	0
Exclusions	0	0	0
Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	79,137	75,321	82,394
Water (kL)	444	2	

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

- (a) a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or
- (b) a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or
- (c) another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.
